Brief Project Summary *(about 100 words or 4-5 sentences):*

How many students will this project impact in one year? *(Do not state a grade level or the "whole school". Please give a numerical answer)* _____

This project is:

A new grant project

A request to continue a grant that was previously awarded to me *(If you check this box, be sure and explain in your Project Description how this year's project will be different than last year's project)*

A new grant request for me but replicates a previously funded project for a different teacher at my school or at a different school *(If you check this box, be sure and explain in your Project Description the success of previously funded project)*

Please include the following information in your grant proposal:

PROJECT DESCRIPTION:

1. Description of the Proposed Program: Please provide a thorough description of the project, including the need it addresses, duration, and the number expected to benefit from the program.
2. Specifically, describe how your proposal is innovative. How will your project improve, advance or enrich student learning? How does this project foster 21st century skills such as: communication, collaboration, discipline, persistence, creativity, and entrepreneurial capacity?
3. List the objectives you want to accomplish with this project. In a subsequent section you will outline how you will measure outcomes of the project.
4. Identify the potential for the project to serve as a demonstration or pilot project that can be implemented more broadly in the future.
5. Will the project implement programs or tools that will provide benefits to students beyond the grant cycle year? Will there be future costs associated with the project (e.g., hardware maintenance or replacement costs, software upgrades, etc.)? If so, how will these costs be funded? Has requested technology been reviewed/approved by the District's Director of Technology?
6. Identify any community, business, and/or parent support of the project. (This is not a requirement for funding.)
7. List any matching funds to support this project, e.g. if the PTA or other partners are contributing some of the costs or tools for this project. Can this project be implemented with partial funding? (This is not a requirement for funding.)

MEASUREMENT OF ACCOMPLISHMENT:

1. If your program is funded, the Education Foundation requires that you submit a Mid-year Progress Report and an End of Year Report evaluating your project's success given the objectives listed in the Project Description section. How will you measure these objectives over time to determine the impact of the project? What will be your metric(s) of success?
2. How do you plan to share the results of this project and to whom will you share this information?
3. How will the Education Foundation be recognized as a financial supporter of this project?
